CS301

Notes: Quiz 02

Week 5: 2nd August
Oliver BONHAM-CARTER

Quiz 2: Tuesday During Class

- Quiz on Tuesday, 2nd August 2021
- **Class will not meet Tuesday: we will instead use this time to work on the quiz and the project.**
- At class time, you will receive a link on your class Slack account to a Google Docs quiz form for your work.
- You will have until the start of next class to complete your work.
- Open notes and open book

Quiz 2: Topics

- Understanding basic stats from class
- Understanding code and spotting errors
- Interpreting plots
- Ethical reasoning
- Multiple choice and writing about conceptual and practical issues
- Models, p-values, predictive qualities
